Dementia Capable Care training empowers therapists and the entire team with a positive, person-centered approach like no other. Staff attitudes shift, confidence soars, and quality of life improves for your clients. Additional benefits include:

**Client/Family Benefits**
- Greater independence.
- Increased participation in meaningful life activities.
- Reduced emergency room visits and hospitalizations.
- Ability to thrive rather than just survive.

**Staff Benefits**
- Less time spent on behavioral issues.
- Reduced job stress.
- Greater job satisfaction.
- Improved job security.

**Organization/Facility Benefits**
- Maximized reimbursements.
- Increased census and revenue.
- Decrease in staff turnover.
- Improved outcomes.

**CEUs available.**
Visit crisisprevention.com/dcs-ceu prior to registration to ensure the option you select meets your CEU requirements.

**Dementia Capable Care**
- Gain the skills and confidence to evaluate and treat Alzheimer’s/dementia clients and document reimbursable therapy services.

**Missed Opportunities?**
- We believe that every person living with dementia has many remaining abilities that, when capitalized upon, can lead to a life of quality at each stage of the disease.
- We believe our society and health care professionals must prioritize the facilitation of quality of life and optimum level of function for each of these individuals in order to provide hope in the midst of fear and despair.
- Join us in this mission and prepare for a paradigm shift in how you deliver dementia care.

**Maximize Therapy Services and Revenue!**
Your facility could be losing at least $4,200 in Med. A. revenue, and quality of care is being compromised if clients with ADRD aren’t being treated or are being prematurely discharged because they “no longer show progress.”

**Already Attended the One-Day Foundation Course?**
If you have already completed the One-Day Foundation Course as taught by a DCS Trainer or Certified Instructor and are interested in the Dementia Therapy Applications course, please call us for more information at 877.816.4524.

   Milwaukee, WI 53224

Cancellation Policy: If the training you select misses any one (1) day session, a $35 administrative fee is charged. To avoid a full program fee, you must notify us prior to registration to ensure the option you select meets your CEU requirements. CPI reserves the right to cancel a program. In the event of program cancellation, the full program fee will be held under “Dementia Capable Care” for future use by the same individual in a future program or course conducted by CPI. Management fees can be charged to the registration fee of the parent program. This fee can be transferred to that program or the registration can be transferred to another CPI program conducted within four months of the original program start date. Registrations cancelled more than 14 days prior to the start date for a $35 administrative fee. If you do not attend, you are responsible for the full program fee. To ensure your satisfaction, we promise you a full refund if you select a training course which does not meet your CEU requirements. Prior to registration, please contact your local, state, or national licensing body to verify that this training course meets your CEU requirements. The information is also available at cr...
One-Day Foundation Course
The Foundation Course provides all who work in dementia care a common framework for promoting best abilities.

What you’ll learn:
• Identify empowering paradigms to shift from successful care to successful outcomes.
• Demonstrate an understanding of Alzheimer’s disease and related dementia’s impact on cognitive functioning.
• Identify cognitive assessments and screening tools to identify best ability to function.
• Describe the best ability to function and key remaining abilities for each dementia stage, as defined by Allen Cognitive Levels.
• Identify key care approaches for each dementia stage to promote the highest possible level of function in ADL, mobility, and leisure activity.
• Understand strategies to enhance communication, minimize negative behaviors, and support families.

Course Time: 9:00 a.m. – 4:00 p.m., with a 30-minute lunch break (on your own)

Price: $448

CEU Information
It is the responsibility of the registrant to ensure this course meets your CEU requirements prior to registration.

Dementia Capable Care Therapist Training Options

Dementia Capable Care Therapist Foundation Course
The first day of this training is the Foundation Course. This second day emphasizes application of new skills for the various aspects of dementia care.

What you’ll learn:
• Further describe stages of dementia with an in-depth look at each Allen Cognitive Level.
• Describe cognitive assessment tools associated with the Allen Cognitive Disabilities Model and complimentary training tools.
• Examine and practice writing goals and treatment plans for each Allen Cognitive Level.
• Describe the influence of can do, will do, may do and other factors on functional potential performance.
• Discuss keys for reimbursement.
• Understand how to create and implement a successful maintenance program.

Calling all skilled nursing facilities, nursing homes, memory care centers, and long-term care organizations!
